Nun, By the pen and what they inscribe (68:1)

Humans has to rediscover knowledge Allah has given him already. Knowledge of those things that could not be discovered by human mind and experiment (i.e faith, Allah, angels, hereafter etc) has been given through Wahi. For that knowledge which can be discovered through human aql and experiment, Wahi has encouraged humans to ponder and discover himself – heavenly bodies, **things and methods that benefit him** e.g ride on ships (marine science), see how birds fly (aeronautical), how earth is made (civil and geology), how human body works (medicine), how plants grow (agriculture) and so on.

On the authority of Ibn Masud (RA) from Propet (SAW) who said: “There is no envy except in two: a person whom Allah has given wealth and he spends it in the right way, and a person whom Allah has given wisdom (i.e. knowledge) and he gives his decisions accordingly and teaches it to the others.” [Sahih Bukhari and Sahih Muslim]

Abu Hurairah (May Allah be pleased with him) reported:

The Messenger of Allah (ﷺ) said, "When a man dies, his deeds come to an end except for three things: Sadaqah Jariyah (ceaseless charity); a knowledge which is beneficial, or a virtuous descendant who prays for him (for the deceased).“ [Muslim].

On the authority of Abu Huraira (may Allah be pleased with him) from the Prophet (peace and blessings of Allah be upon him) who said, ” *Whoever relieves a believer’s **distress** of the distressful aspects of this world, Allah will rescue him from a difficulty of the difficulties of the Hereafter. Whoever **alleviates** [the situation of] one in **dire straits** who cannot repay his debt, Allah will alleviate his lot in both this world and in the Hereafter. Whoever conceals [the faults of] a Muslim, Allah will conceal [his faults] in this life and the Hereafter. Allah is helping the servant as long as the servant is helping his brother.*” (Recorded in Muslim)

A Girl from NUST (MS Student in Chemistry)

I belong to small town where my father running a small scrap shop with limited resources. The family income from that shop is Rs. 25,000-30,000 per month. While my whole semester fee at NUST is Rs. 87,700 beside that I am currently residing at hostel of the campus. And hostel rent bill is Rs. 49,000 per semester and I also have to pay almost Rs. 5,500 mess charges per month. Although my father supported me throughout my study life but now the fee of MS Chemistry at NUST and hostel dues are out of my father reach. My elder brother somehow managed to paid my first semester fee from his salary and by taking loan from others.

I don't want to stop my study over here just because of financial crisis. That's why I need this scholarship as a financial need to continue and complete my degree.
